

# PHILIPS

car headlight bulb

Vision

Type of lamp: H1

Pack of: 1

12 V, 55 W

12258PRB1

## Feel safe, drive safe

Up to 30% more vision compared to a standard lamp

Producing up to 30% more vision compared to a standard car bulb, Vision headlight bulbs ensure excellent light-beam performance at a very competitive price with Original Equipment Quality for greater safety and comfort.

### A better performance than a standard car head lamp

- Vision bulbs project longer light beams than standard lamps
- Road safety begins with seeing and being seen
- Wide range of 12 V lamps to meet all functions
- Change both your headlamps at once for more safety

### Original Equipment manufacturer

- Philips is the choice of major car manufacturers
- Award-winning car lamp manufacturer
- Respecting the high quality standards of ECE homologation

### Very high quality and ultra-resistant car lamp

- Philips car lamps are made of high-quality quartz glass
- Philips car lamps are highly resistant to humidity
- Philips car lamps are highly UV resistant

# Highlights

## Up to 30% more vision

Our lighting solutions produce a powerful and precise beam of light with maximum output. We consistently produce the best, most efficient lighting solutions because we know that our high-quality lighting may one day save a life.

## Better visibility and reaction

Light is a fundamental part of the driving experience and light is the first and only part of the safety circle that actually helps prevent accidents. Philips promotes active safety protection to prevent accidents by increasing overall visibility and road illumination.

## Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern

automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting

## Change in pairs

It is highly recommended to change them in pairs for symmetrical light performance

## Designed for multiple usage

Which 12V lamp for which function? Philips Automotive offering includes all car specific functions: high beam, low beam, front fog, front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, licence plate lights, rear position/parking light, interior lights.

## ECE homologation

Philips automotive products and services are considered best in class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high-quality products and tested to the highest specifications, our products are designed to maximise the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

## High-quality quartz glass

UV-quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650°C and glass 800°C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

## Resistance to humidity

Only a burning bulb made of quartz glass (filament 2650°C, glass 800°C) can resist thermal shocks: if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit.

## Award-winning car lamps

Our lamps are often rewarded by automotive experts

# Specifications

## Packaging Data

Packaging type: B1  
EAN1: 8711500475169  
EAN3: 8711500475176

## Electrical characteristics

Voltage: 12 V  
Wattage: 55 W

## Lifetime

Life time: Up to 400 h

## Light characteristics

Lumens: 1690 +5% -7% lm  
Colour temperature: Up to 3200 K

## Ordering information

Order entry: 12258PRB1  
Ordering code: 47516930

## Outer pack information

Gross weight per piece: 0.22 kg  
Height: 11 cm  
Length: 19.5 cm  
Width: 15.3 cm

## Product description

Type: H1  
Application: High beam, Front fog light, Low beam  
Designation: H1 Vision  
Homologation ECE  
Marking ECE: E1 21P

Range: Vision

Technology: Halogen  
Base: P14, 5s

## Packed product information

Pack Quantity: 1  
MOQ (for professionals): 10  
Gross weight per piece: 22 g  
Height: 13.5 cm  
Length: 2.568 cm  
Net weight per piece: 6.255 g  
Pack Quantity / MOQ: 10  
Width: 9.5 cm

## Marketing specifications

Expected benefits: More light  
Product highlight: Up to 30% more vision
