# TMS 1050 Tablet Dashboard Pack

Your Music and Apps at Your Fingertips
Do you want to be able to take your favourite music and navigation apps on long drives? Worried about your tablet falling on the floor? With their detailed experience, our designers created a tablet mount that would work well on the road while driving. Now you can make your trip more enjoyable by having your tablet securely fixed to your windscreen with our clever tablet mounts and tablet holders. The Tablet Dashboard Pack has everything you need to mount a tablet in the car with a tablet holder and a car dashboard mount.

TMS 1050 Tablet Dashboard Pack

A Tablet Holder that Fits all Tablet Brands
The stylishly designed Vogel's tablet holder fits all tablets from 7-13 inches with a thickness of 0.2-0.5 inches (0.5-1.3 cm). It features Vogel's RingO mounting technology, which can be easily clicked on to the dashboard mount.
Your Tablet at Your Fingertips
To have your tablet at your fingertips, but keep it safely out of the way, our mount comes with everything you need to attach it securely to your car windscreen. Simply clip the tablet holder to any tablet and snap it securely onto the car dashboard mount. The RingO technology lets you rotate your tablet from landscape to portrait and back again. You don't have to worry about it falling; even on the bumpiest roads.
We created the Vogel's Tablet Dashboard Pack to make long drives more enjoyable. It's easy when you can listen to your favourite song or check your navigation system on a tablet in the car.
Besides the Tablet Dashboard Pack, you can also enjoy your tablet when you are cooking with our Tablet Flex Mount, while relaxing in the tub with our Tablet Wall Mount or to entertain passengers in the backseat with our Tablet Car Mount.
