

- Adjustable DPI (max 10 000)
- ≥ 20 million clicks lifespan
- Quick Response time (1ms)
- · Huano Switches for crisp clicks
- Software for custom settings
- Flawless tracking performance
- 1,8m braided cable
- Package contents: Mouse and manual.

Light up your gaming setup with this fully transparent RGB mouse! Experience a super cool design with vibrant RGB lighting in combination with adjustable features with the included software.

Adjustable DPI and Polling rate

The PixArt 3327 sensor has adjustable DPI settings for customized mouse sensitivity. With a DPI range of 400-10 000 and a polling rate of up to 1000 Hz, you'll always be in control no matter how intense the game gets. You can change the polling rate in the software and the DPI on-mouse or in the software.

Huano Switches

With the Huano Switches, you can expect a crisp click with long-lasting durability and excellent response, making sure you get the most out of your gaming experience.

Transparent & colorful to the max

The transparent design showcases vibrant RGB lighting, which can be customized to match your setup and create the perfect gaming atmosphere with 11 LED modes to choose from.

Customize with the software

The included software allows you to customize the DPI, the polling rate, adjust the RGB lighting to match your mood or set smooth macros to program a series of actions or commands with a single button press, and much more. Switch between up to 4 different profiles for ultimate flexibility based on your game or mood.

SPECIFICATIONS
