- slice thickness adjustable up to approx. 20 mm
- safety switch for intermittent and continuous operation
- detachable carriage
- carriage way approx. 18 cm
- food collecting tray
- cable storage
- warranty: 2 years, product made in Germany

Technical features

- 230 V, 65 Watt eco-motor, duty cycle 5 minutes
- VDE/GS approval, safety category 2, CE
- dimensions: width 22,5 cm height 23,0 cm depth 33,5 cm
- weight: 3,0 kg

Food Slicer E 16

A slicer with all the advantages of the inclined and solid metal construction. Compact and handy, this small machine can easily tackle all kind of slicing jobs.

Food slicer compact 1 is driven by a 65 W eco motor, at 20% reduced power consumption but 50% increased engine efficiency compared to the previous model.

The inclined housing is advantageous when cutting thin and large slices.

The food slicer is equipped with a special serrated blade, a switch for intermittent and continuous operation, a food collecting tray and cable storage.

A smooth ham- and sausage blade is available for every ritter food slicer.

About ritterwerk:

ritterwerk was founded in 1905 by Franz Ritter. Since then the medium-sized company develops and produces household appliances which facilitate the everyday work in the kitchen.

The medium-sized company, headed by Michael Schüller, develops, designs and produces exclusively in Gröbenzell near Munich.

The company's philosophy 'made in Germany' not only stands for its production site in Germany. It also incorporates high quality standards, sustainability, appropriate materials as well as functional design, thus clearly following the 'Bauhaus' principles of the twenties.
