CHARGE CABLES

ANSMANN

WHAT EXACTLY IS POWER DELIVERY?

Power Delivery is a new quick-charging standard which can deliver up to 100 Watts by means of the new USB Type-C connector. This means that not only small devices, such as smartphones, can be charged via USB Type-C, but that compatible notebooks, for example the Apple MacBook Pro, now no longer require an extra mains adapter.

Please note that the device to be charged and the cable must be Power Delivery compatible.

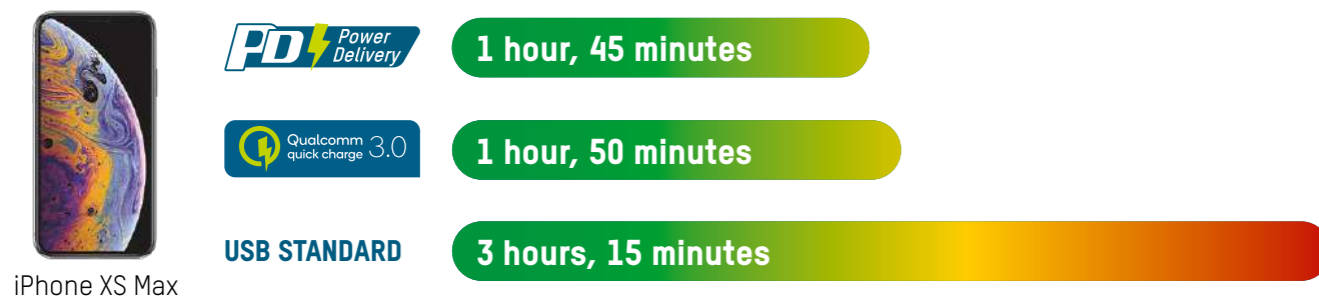

MAXIMUM POWER!

Power Delivery can **output up to 100 Watts**. This places it far ahead of the competition. Amongst other things, it also enables notebooks to be charged via USB Type-C.

IMPOSSIBLY FAST!

Power Delivery charges compatible device **up to 20 times faster** than the USB standard. Here is a comparison of the charge speed for an iPhone XS Max.

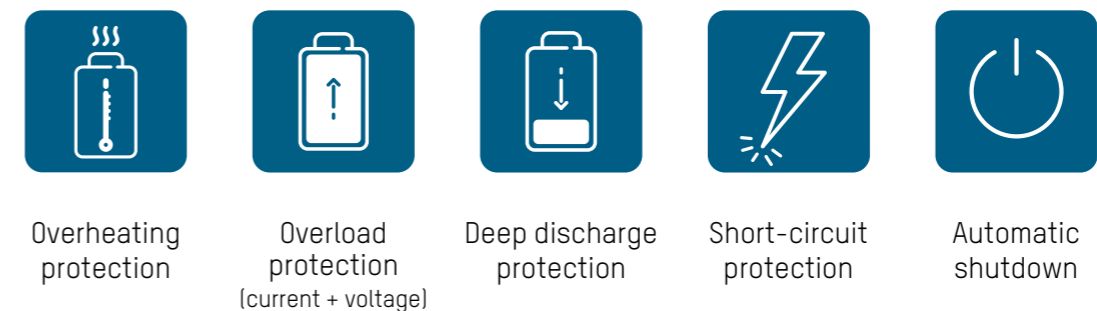

COMPATIBLE WITH ALL!

With 1-100 Watts, Power Delivery is **compatible with almost any device that can be charged via USB**. Wireless charging can also be speeded up with Power Delivery.

	 Smartphones 5-18 Watts	 Tablets 5-18 Watts	 Mobile consoles 10-30 Watts	 Notebooks 30-100 Watts
	✓	✓	✓	✓
	✓	✓	✓	✗
USB STANDARD	✓	✓	✗	✗

EXTREMELY HIGH DEGREE OF SAFETY!

In combination with our devices, Power Delivery offers **5 protective functions**.

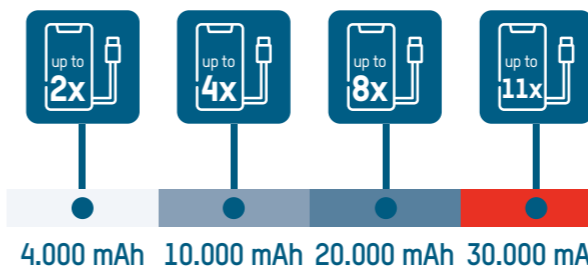

POWERBANKS

THE NEW ANSMANN POWERBANKS

WHICH IS THE ONE FOR YOU?

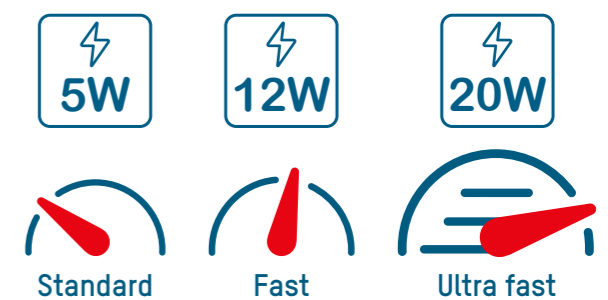

With the ANSMANN Powerbank you can find the perfect, up-to-date match. There is a choice of 10 models to cover every need. In order to help customers to find "their" Powerbank quickly and easily, the functions and characteristics are presented informatively and intuitively. The icons and graphics are repeated on the packaging, helping customers to navigate to the most suitable product!

SMARTPHONE CHARGING*

*Basis for comparison: iPhone 8

CHARGE POWER

STANDARD FEATURES IN ALL POWERBANKS

Has at least one **USB A** and one **Type-C output**

Future-proof: With the new and flexible **USB Type-C connection**

Your device can be **wirelessly charged** with this Powerbank

Can be charged via **Micro-USB** or **USB Type-C**

Freely available quick-charge function.

Certified quick-charge function from Qualcomm.

OUR NEW Qi POWER PACK

POWERBANK 8 WIRELESS POWER DELIVERY + USB TYPE-C QUICK-CHARGE COMPATIBLE

Wireless charging for convenient charging
10.000 mAh | 2x input, 3x output
Slim design & Power Delivery
Part No. 1700-0135

FAST, FASTER, FASTEST POWERBANKS WITH POWER DELIVERY

POWERBANK 10.000
POWER DELIVERY + QUICK CHARGE 3.0
USB Type-C PD and USB QC3.0
10.000 mAh | 2x input, 3x output
Ultra-fast charging with Power Delivery
Part No. 1700-0148

POWERBANK 20.000
POWER DELIVERY + QUICK CHARGE 3.0
USB Type-C and USB QC3.0
20.000 mAh | 2x input, 3x output
Ultra-fast charging with Power Delivery
Part No. 1700-0147

LESS IS MORE
SMALL IN SIZE, BIG ON POWER

EXTRA SMALL

POWERBANK 10.8 MINI
 Ultra compact
 10.000 mAh | 1x input, 2x output
 Hardly bigger than a bank card
 Part No. 1700-0091

TIME TO KEEP IT SIMPLE
POWERBANKS WITHOUT THE BELLS AND WHISTLES

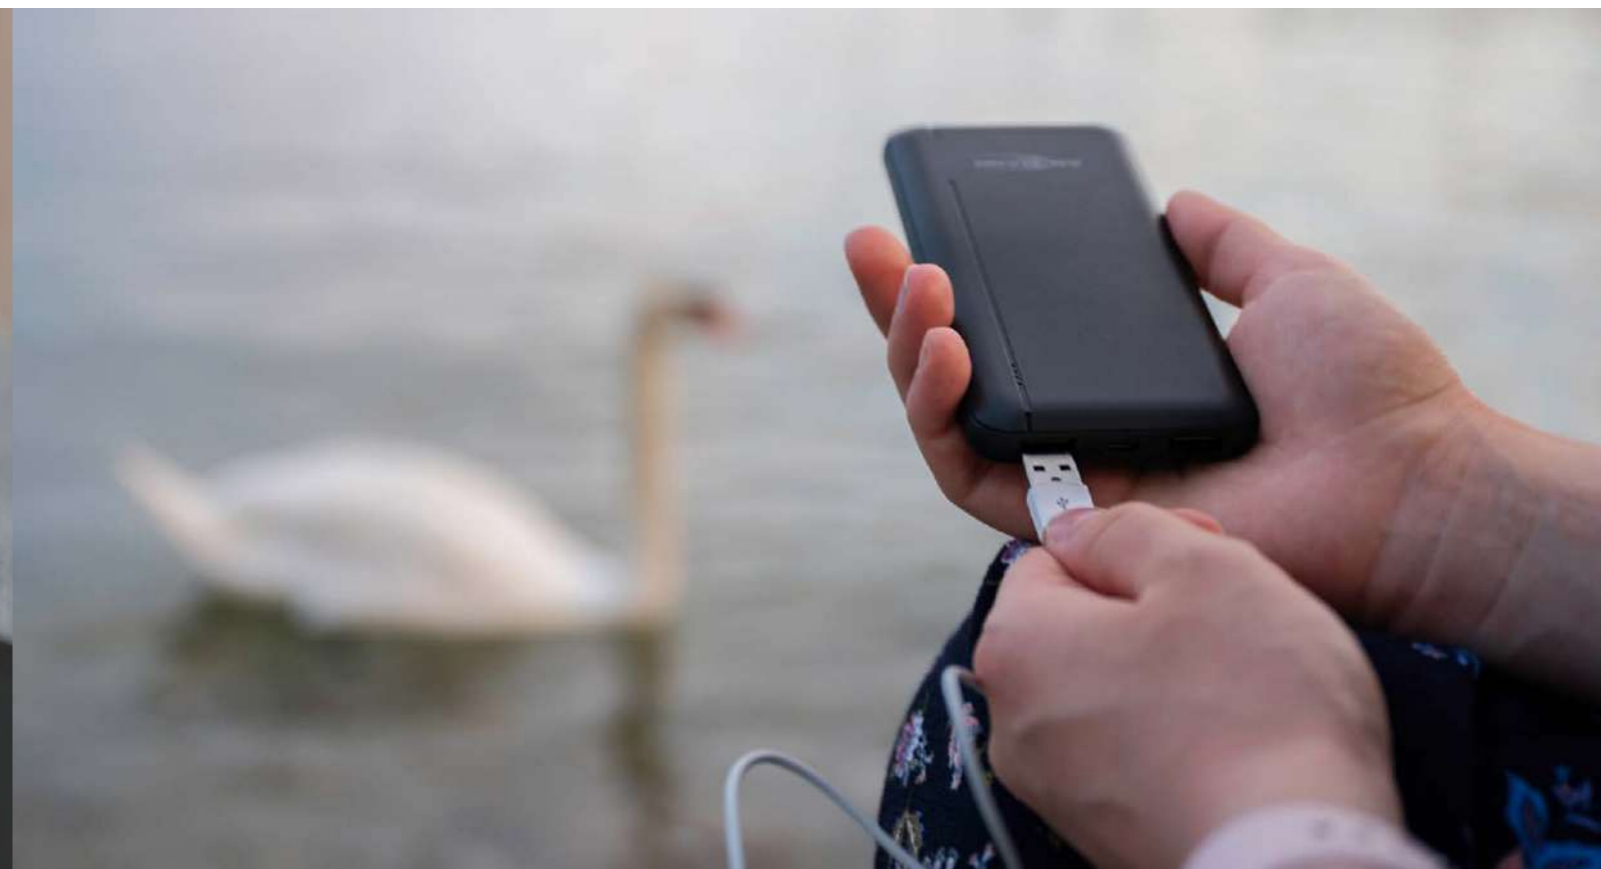

POWERBANK 30
 Pure power in a smart design
 30.000 mAh | 3x input, 2x output
 For everything you need on the go
 Part No. 1700-0134

POWERBANK 20
 The all-rounder
 20.000 mAh | 2x input, 2x output
 Universal and flexible
 Part No. 1700-0133

POWERBANK 10
 Super slim - fits in a pocket
 10.000 mAh | 2x input, 2x output
 Small but nice, ideal for on the go
 Part No. 1700-0132
