

## FANS

### GRAVITY

#### DESCRIPTION

"GRAVITY" PC case fan - where style meets power. With captivating LED illumination in 5 colors, it's more than a fan; it's a visual masterpiece. With a quiet hum of 25dB, its hydraulic bearing ensures silent performance. A versatile companion with Molex plug, it thrives at 1100 RPM within a 5-13.2V range. An airflow of 25 CFM elevates cooling. Embrace the "GRAVITY" and infuse your setup with brilliance and quiet strength.

#### SPECIFICATIONS

Voltage (V): 12

Compatibility:

Rated input power (mW): 3600 +/- 10%

Rated current (mA): 300

Storage temperature (°C): -30 - 85

Stationary current (mA): 360 - 720 +/- 10%

Working voltage (V): 5 - 13.2

Starting voltage (V): 5 (ON/OFF)

Noise (dB): 25 Max.

Fan bearing: Hydraulic

Fan speed: 1100 +/- 10%

Fan dimensions (mm): 120x120x25

Air flow (CFM): 25 Max

Weight (g): 140

Color: LED - 5 colors

Material: Plastic

Plugs: Molex
