# HP Z38c 95.25 cm (37.5") Curved Display

# Get wrapped up in your work

Completely immerse yourself in the expansive elegance of the HP Z38c Curved Display. Form meets function with crisp, panoramic views so you can stay focused on your work.

\*Product image may differ from actual product

### HP's widest curved display

• Comfortably view your work on the large 95.25 cm (37.5") diagonal curve. Feel the immersion with a 2300 mm radius that fits your natural field of vision. It's the sweet spot for day-in, day-out use.

## One large screen. One seamless workspace.

• Give big ideas room to breathe inside a wide 21:9 aspect ratio. See your entire project without the distracting bezels in the middle of a dual display setup. One large viewing area keeps you more productive when working in multiple applications.

# Your vision in perfect detail

• See every facet of your creation in crystal-clear 4K-wide, 3840x1600 resolution<sup>1</sup>. With optimized pixel density your icons and text are the ideal size so you can spend less time panning and zooming and more time creating.

### **Featuring**

- Experience sweeping panoramic visuals with the wide viewing angles of the 95.25 cm (37.5") diagonal screen.
- View your entire project with the amazing high peripheral readability of the 2300 mm radius curved screen.
- See every nuance of your project in sharp detail with 4K-wide (3840 x 1600) resolution<sup>1</sup>. With 111 pixels per inch, your text and fonts are just the right size.
- Maximize screen area visibility with the 3-sided micro edge bezel.
- See consistently accurate and bright images across the entire screen with up to 178° horizontal/178° vertical viewing angles.
- Find your perfect setup with a tilt range of  $-5^{\circ}$  to  $+20^{\circ}$  vertical, a swivel range of  $45^{\circ}$  left to  $45^{\circ}$  right and a height adjustment range of 120 mm (4.7 in).
- Less cables. Less clutter. The USB-C™ connection delivers video, data and 65W power--all with one cable.
- DisplayPort<sup>™</sup>, HDMI connections, and all cables come standard so you can quickly set up and easily connect to any device.
- Count on factory-calibrated color from the very first time you power on for reliable color between displays and from project to project.
- The Z38c has a standard VESA mounting adapter for mounting to monitor arms.<sup>2</sup>
- Your screen is guaranteed to have no bright sub-pixel defects, or HP will replace it.
- De-clutter your desktop by mounting your mini PC with the HP B500 PC Mounting Bracket.<sup>3</sup>
