

## WMF Lono Aroma glass coffee machine

**An elegant and easy-to-operate filter coffee machine with a glass jug for optimal coffee enjoyment**

Elegantly designed, made of high-quality Cromargan® and with Aroma Perfection for individual adjustment of the aroma strength, the WMF Lono coffee machine is a must for lovers of design and coffee. It is also a joy to operate: The removable water tank made of BPA-free Tritan has a water-level indicator, enabling you to fill the exact number of cups required. The glass Aroma jug can hold up to ten 125 ml cups of coffee. Thanks to the swing filter, coffee grounds can be added easily and without spilling any. Quick to start via its user-friendly control panel, you'll soon be enjoying great-tasting coffee. If you brew larger quantities, the warming plate with automatic shutdown will keep your coffee at the optimum drinking temperature for longer. The removable filter insert (1 x 4) has a drip-stop mechanism and overflow protection. And last but not least, the automatic descaling programme guarantees consistently great-tasting coffee.
