The Neomounts by Newstar desk mount, model FPMA-D960D is a tilt-, swivel and rotatable desk mount for 2 flat screens up to 27". This mount is a great choice for space saving placement on desks using a desk clamp.

Neomounts by Newstar's versatile tilt (180°), rotate (360°) and swivel (180°) technology allows the mount to change to any viewing angle to fully benefit from the capabilities of the flat screen. The mount is manually height adjustable from 0 to 45 centimetres. Depth adjustable from 10 to 43 centimetres. An innovative cable management conceals and routes cables from mount to flat screen. Hide your cables to keep the workplace nice and tidy.

Neomounts by Newstar FPMA-D960D has three pivot points and is suitable for screens up to 27" (69 cm). The weight capacity of this product is 8 kg each screen. The desk mount is suitable for screens that meet VESA hole pattern 75x75 or 100x100mm. Different hole patterns can be covered using Neomounts by Newstar VESA adapter plates.

For curved monitor screens we recommend our FPMA-D960 PLUS models; our FPMA-D960DVBLACKPLUS is suitable for screens up to 49" (124 cm). The weight capacity of this product is 32 kg each screen. This monitor arm is therefore extremely suitable for widescreens and curved screens.

By using an ergonomic mount neck- and back complaints can be avoided. Ideal for use in offices and on counters or in a reception area.

All installation material is included with the product.
