

Konftel C5055Wx

Expand your video collaboration

Konftel C5055Wx is the perfect video collaboration solution for small to medium meeting rooms, or large rooms with optional expansion microphones. It combines the Konftel Cam50 PTZ conference camera and the expandable Konftel 55Wx speakerphone with OmniSound® audio quality.

The Konftel OCC Hub brings everything together into one convenient kit, so a single USB cable is all you need to connect the camera, the sound unit and the room's screen to the collaboration app on your laptop.

The Konftel Cam50 brings exceptional image quality to your video conferences at a fraction of the cost of other comparable conference cams with PTZ (Pan-Tilt-Zoom). It is based around premium class optics and outstanding precision – all the way from the lenses to the image sensor and the technology used to optimize the quality of the video. Even in low light, the image is crisp and clear.

OmniSound®

- Room type: Small to Medium
- HD 1080p 60fps
- Exceptional image quality
- Pan-Tilt-Zoom
- 12x optical zoom
- One Cable Connection Hub
- OmniSound® with HD audio
- Free software updates
- Two-year warranty
- Climate Neutral Certified

A SENSE OF PRESENCE

Medium and large meeting rooms are the PTZ camera's natural habitat. A 72.5° field of view creates a sense of presence right from the start and it's easy to zoom in to a suitable level. And you can test the Konftel Cam50's performance by taking the 12x optical zoom all the way. Show notes on a whiteboard or details of a product sample with impressive clarity.

GROWS WITH THE TASK

The speakerphone is optimized for small and medium sized meetings. By adding extra microphones to the Konftel 55Wx, you can expand the effective audio coverage for large video conferences.

BRING YOUR OWN MEETING

Whatever your preferred collaboration app or cloud service, the Konftel C5055Wx bundle will take care of the experience in the conference room. Bring your meeting with you on any laptop with a USB port, plug it in and you're good to go. We call this BYOM – Bring Your Own Meeting.

CLIMATE NEUTRAL PRODUCTS

Konftel is certified in line with the Climate Neutral standard. This means that we have offset all our greenhouse gas emissions and are taking action to further reduce those emissions. When you choose a Konftel product, you keep a clear climate conscience while supporting your organization's growing need for video collaboration.
