Thank you for purchasing our new Vileda STEAM PLUS!

This manual is intended for indoor private household use only.

**SYMBOLS IN THE OPERATING INSTRUCTIONS**  
⚠ Danger - Immediate danger that can cause severe injury or death.  
⚠ Warning - Possible hazardous situation that could lead to severe injury or even death.  
⚠ Caution - Possible hazardous situation that could lead to mild injury to persons or damage to property.

**SYMBOLS ON THE MACHINE**  
⚠ Warning: Danger of scalding.

## ▲ HEALTH AND SAFETY WARNINGS

• Never immerse unit in water or other liquid, especially whilst plugged into the socket. • Do not direct hot liquid or STEAM PLUS at people, animals, electrical appliances or electrical outlets. The liquid or STEAM PLUS must not be directed towards equipment containing electrical components, such as the interior of ovens. • Do not use or do not store outdoors and do not expose to sunlight or rain. • The appliance should not be left unattended while it is connected to the supply mains. • Do not leave the appliance connected to an electrical plug when not in use. • Never pull the cable to disconnect the appliance from the socket. Keep the appliance lead away from heat, oil and sharp edges. • Do not handle the appliance with wet hands, especially when plugged into the electrical socket. • Never touch the mains plug and the socket with wet hands. • Do not pull or carry by cord, use cord as a handle, close door on cord, pull cord around sharp corners or expose cord to heated surfaces. Check appliance for damage before use. • Do not use appliance in an enclosed space filled with vapour given off by oil-based paint thinner, some moth-proofing substances, flammable dust, or other explosive or toxic vapours. **▲ Caution!** Do not use on unsealed wood or unsealed laminate floors. On surfaces that have been treated with varnish, wax or even some un-waxed floors, the sheen may be removed by the heat. It is always recommended to test an isolated area of the surface to be cleaned before proceeding. Do not leave the running product standing still on the floor, always keep it moving. Never leave the product with a hot and / or wet pad in direct contact with the floor after use, - except for the hygienic cleaning of the pads, as described below in the HYGIENIC CLEANING section. We also recommend that you check the use and care instructions from the floor manufacturer. **▲ Danger!** Never put flammable, aromatic, alcoholic or detergent products into the water tank, as this may damage the appliance or make it unsafe for use. **▲** The appliance emits very hot STEAM PLUS. This means that the cleaning pad area gets very hot during use. **▲ Caution!** Always wear suitable shoes when using the appliance and when changing the accessories on your Vileda STEAM PLUS. Do not wear slippers or open toed footwear. **▲ Do not open the water tank cap when the appliance is plugged into the electrical socket or immediately after the product has heated up.** Open the tank only when the product is standing upright and stable. **▲ Close the water tank cap carefully after filling or re-filling with water by turning it 90 degrees clockwise to the lock position.** • For floor use only; do not use the unit upside down. This appliance is intended for indoor household use only. • Do not use in swimming pools containing water. • Unplug the appliance and allow to cool before cleaning it. • When not in use, the appliance should be stored in a dry place, in an upright position. • Children should not have access to stored appliances. • Unplug the appliance and allow to cool before performing any maintenance. The appliance has to be unplugged after use and before carrying out user maintenance on the appliance. • The appliance may not be used in areas where a risk of explosion is present. • The device should not be used to clean electrical appliances such as oven, exhaust, micro-wave, televisions, hair-dryer, electrical heating systems, etc. • Never touch the STEAM PLUS jet with hands. • Never try to open the product e.g. by opening the screws.

## ▲ PERSONAL SAFETY

• The intended use is described in this manual. The use of any accessory or attachment or the performance of any operation with this appliance other than those recommended in this instruction manual may present a risk of personal injury. This appliance can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision. Keep the appliance out of reach of children when it is energized or cooling down. Additional residual risks may arise when using the appliance which may not be included in the enclosed safety warnings. These risks can arise from misuse, prolonged use etc. Use only with the manufacturers recommended attachments.

## ▲ ELECTRICAL SAFETY

• The appliance must only be connected to an electrical supply which has been installed in accordance with IEC 60364. The appliance must only be connected to alternating current. The voltage must correspond with the type plate on the appliance. • The appliance must only be used with the power cord provided with the appliance. • Before use, check the appliance for damaged or defective parts. • Before use, regularly check the power cord for signs of damage or ageing. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard. • The appliance is not to be used if it has been dropped, if there are visible signs of damage or if it is leaking. A small vented hole in the watertank lid may allow a few drops of water to exit the appliance if the appliance is completely flat or even upside down. • Do not abuse the power cord. Never carry the appliance by the cord. • Keep the power cord away from hot surfaces and sharp edges. • Unplug the power cord from the socket before storing the appliance. • Never attempt to remove or replace any parts other than those specified in this manual. • In an emergency situation contact professional help immediately! **▲** If the home security circuit breaker activates whilst using the appliance, disconnect power immediately and contact the customer support centre (beware of the risk of electrical shock).

## • SERVICE

• Do not use the appliance if any part of the power cord or plug is damaged or defective. • Repairs should be carried out by a service agent or a suitably qualified person in accordance with relevant safety regulations. Repairs by unqualified persons could be dangerous and will void warranty. • Never modify the appliance in any way as this may increase the risk of personal injury. • Only use replacement parts or accessories provided or recommended by Vileda.

## SAFETY DEVICES

Safety devices protect the user and must not be modified or bypassed.

### Safety thermostat

The safety thermostat turns off the appliance if the boiler thermostat fails and the appliance overheats in case of a malfunction. Please contact your local Vileda Customer Service in case of any problem.

### ASSEMBLY

• Before attaching any of the unit parts, ensure that the appliance is unplugged and cooled. • Slide the handle into the main section of the appliance until it clicks into place. • Slide the frame part into the main section of the appliance until it clicks into place. • Lightly press the appliance down onto the cleaning pad. • Never use the appliance without first attaching a cleaning pad.

### PAD REMOVAL

• Be sure that the appliance is not plugged into the electrical socket and not in action whilst removing the cleaning pad. • Wait until the pad cools down before removing. • Remove the pad from the frame carefully pulling the pad away with hands. **Danger!** Hot water may drip out of the appliance parts while you are detaching them. Never detach accessories (carpet or pad) while STEAM PLUS streams out - risk of scalding.

### FILLING THE WATER TANK

• Note: Fill the water tank with clean tap water or distilled water ONLY (excepted in case of hard tap water. Do not add detergent). • Remove the water tank cap by turning anti-clockwise. • Fill the tank with water until the water is visible. **Warning!** Tank capacity is 0.4 litres. Do not fill the tank above the maximum capacity. • Fit the flap cap by turning it firmly clockwise. • Ensure the filter cap is firmly secured.

### OPERATION

When the water tank is correctly filled and the water tank is correctly closed, you can start using your Vileda STEAM PLUS. • Insert the plug into the electrical socket. Turn the rotary button placed on the front side of the appliance to the ON position. The Vileda STEAM PLUS now start heating up the water inside the tank. • The LED on the front side will be white blinking. This means that the appliance is now heating the water. It takes 15 seconds for the water inside the product to heat up and reach the working temperature. When it is ready the White LED will be steady. • Regulate the desired volume of STEAM PLUS using the selector switch (see next chapter). • Start using your water tank. STEAM PLUS - Turn unit off by turning rotary button to the OFF position. • Disconnect the mains plug from the socket to turn off the appliance. Vileda STEAM PLUS is not to be used for 90 seconds after the power is switched off. • The water tank is not to be used as tested in an external lab. The fast heat function will trigger when you switch off the unit and switch on again within 5 mins. It will heat up to working temperature 100°C within 15 seconds.

### ADJUSTING THE STEAM QUANTITY

• Use the rotary switch located above the water tank to regulate the volume of Steam. The selector switch has three positions:

**MAX** Maximum steam volume. (recommended for floors) **MD** Middle steam volume. (recommended for carpets) **MIN** Minimum steam volume (recommended for delicate floors or sensitive laminates). See the STEAM PLUS volume selector for the required STEAM PLUS volume. Whilst operating the STEAM PLUS volume selector, always have the appliance in an upright position with a pad on the base of the product.

### REFILLING THE WATER TANK

When the water tank is empty or the water level is low, the STEAM PLUS volume decreases during use and no more STEAM PLUS is emitted in the end. The LED will blink fast. 1) Turn the unit off by turning the STEAM PLUS regulator to the OFF position (counter clockwise rotation). 2) Remove the water tank cap by turning counter-clockwise. 3) Fill the tank with clean tap water up to the correct level. 4) Turn the cap clockwise to lock it. 5) Turn the unit on by turning the STEAM PLUS regulator to the ON position. The LED will be steady.

### HOW TO USE THE CARET GUIDER

The Carpet Guide accessory allows you to refresh your carpets with the hygienic power of STEAM PLUS. 1) Place a cleaning pad on the floor with the **Velour** side facing up. 2) Lightly press the appliance down onto the cleaning pad. 3) Place the carpet guide accessory under the appliance frame with cleaning pad. 4) Push the carpet guide accessory into the carpet. 5) Turn the unit on. 6) Turn the carpet guide accessory to the ON position. 7) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 8) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 9) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 10) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 11) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 12) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 13) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 14) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 15) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 16) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 17) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 18) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 19) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 20) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 21) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 22) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 23) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 24) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 25) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 26) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 27) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 28) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 29) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 30) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 31) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 32) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 33) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 34) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 35) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 36) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 37) Turn the unit on by 278) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 279) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 280) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 281) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 282) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 283) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 284) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 285) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 286) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 287) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 288) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 289) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 290) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 291) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 292) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 293) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 294) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 295) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 296) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 297) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 298) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 299) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 300) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 301) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 302) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 303) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 304) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 305) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 306) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 307) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 308) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 309) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 310) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 311) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 312) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 313) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 314) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 315) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 316) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 317) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 318) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 319) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 320) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 321) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 322) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 323) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 324) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 325) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 326) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 327) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 328) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 329) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 330) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 331) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 332) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 333) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 334) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 335) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 336) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 337) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 338) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 339) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 340) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 341) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 342) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 343) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 344) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 345) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 346) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 347) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 348) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 349) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 350) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 351) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 352) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 353) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 354) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 355) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 356) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 357) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 358) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 359) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 360) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 361) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 362) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 363) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 364) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 365) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 366) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 367) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 368) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 369) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 370) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 371) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 372) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 373) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 374) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 375) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 376) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 377) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 378) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 379) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 380) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 381) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 382) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 383) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 384) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 385) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 386) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 387) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 388) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 389) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 390) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 391) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 392) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 393) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 394) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 395) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 396) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 397) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 398) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 399) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 400) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 401) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 402) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 403) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 404) Turn the unit on by turning the STEAM PLUS regulator to the ON position. 405) Turn the unit on
