

Household vacuum cleaner - Danish design and quality

Unique Danish design with high performance

The Nilfisk Select is built with the environment and you in mind. Its allergy filtration, cleaning performance and ease of use mean this exceptional vacuum cleaner delivers a new standard in cleaning technology.

Allergy rating – homes today have a high level of dust and airborne particles and allergies are becoming more and more prevalent. The Nilfisk Select reduces the dust levels in your home with an 'A' dust - emission rating with the inclusion of an efficient HEPA 13 or 14 filters. HEPA 13 filters secure cleaning without dust particles re-entering your home. For an even greater level of protection some Nilfisk Select models are equipped with a HEPA 14 filter. HEPA 13 and 14 filters are able to pick up the microscopic particles and return the filtered air to the room even cleaner than the air was to begin with.

Cleaning performance - Dust pickup on carpet an 'A' or a 'B' rating and dust pick up on hard floor an 'A' rating. This performance is achieved through optimization throughout the whole machine, without compromising on energy use and performance.

Picture shown may not represent model quoted

Energy saving – with an Energy Class 'A+' or 'A++' rating you will save up to 50% of power usage compared to other vacuum cleaners.

Smaller for easy storage – we've made the Nilfisk Select small enough to store easily whilst still retaining all the latest features you would expect from a larger vacuum cleaner. The Nilfisk Select Superior is fitted with a remote control handle with adjustable suction levels, and on/off functionality - makes using the Nilfisk Select a breeze.

To make it even easier to use, we have also fitted the Nilfisk Select with click fit in the nozzle.

So breathe easy with the Nilfisk Select

- The Nilfisk Select is built with the environment and you in mind. Its allergy filtration, cleaning performance and ease of use mean this exceptional vacuum cleaner delivers a new standard in cleaning technology
- Nilfisk Select is the embodiment of design and functionality. A good looking, easy to use and on-board tools at hand when you need them
- Low sound level
- Extra high cleaning performance - dust pickup on carpet an 'A' or 'B' rating and dust pick up on hard flooring an 'A' rating
- The Nilfisk Select comes with a 5 year guarantee
- Nilfisk Select machines are rated "A+" or "A++" in energy usage, with a 650W or 450W motor. The Select use only 50% energy whilst maintaining the performance compared to other vacuum cleaners
- The whole Nilfisk Select machine is extra HEPA tight with dust proof gaskets - so dirt comes into the machine and clean air comes out

The Nilfisk Select is built with the environment and you in mind. Its allergy filtration, cleaning performance and ease of use mean this exceptional vacuum cleaner delivers a new standard in cleaning technology.

Cleaning performance - Dust pickup on carpet an 'A' or a 'B' rating and dust pick up on hard floor an 'A' rating. This performance is achieved through optimization throughout the whole machine, without compromising on energy use and performance.
