ICY BOX
IB-3640SU3

4x SINGLE enclosure with eSATA and USB 3.0 for 3,5" SATA HDDs

Key features

- External SINGLE enclosure for 4x 3.5" SATA drives
- Connection to PC: USB 3.0, Type-A, UASP, with up to 5 Gbit/s
- Additional eSATA host interface with up to 3 Gbit/s
- Easy Swap! -Easy handling due to carrierless hard disk installation
- Supports SINGLE mode - each drive is controlled separately
- LED for: Power, HDD in use/access, fan modes
- 80 mm fan for optimal cooling and quietness
- Energy-saving through automatic stand-by mode
- Plug & Play and HotSwap

Packing content
1x IB-3640SU3, 1x external power supply with cord,
1x USB Type-C™ cable, 1x manual

All good things come in fours

External hard drives are the latest trend. And rightly so, because they can always be transported and connected to another device. The IB-3640SU3 offers enough space, thanks to the fact that up to four hard disks of any size can be operated simultaneously. The robust enclosure made of aluminum not only looks cool, but directs the produced heat efficiently from within the enclosure to the outside. In addition, the cooling is further enhanced by a temperature-controlled fan, which quietly ensures proper air circulation.

The installation of hard drives into the IB-3640SU3 is done without any tools. Thanks to the modern EasySwap® technology, they can be replaced quickly at any time. We did not forget the environment either - The ICY BOX has a sleep mode that reduces power consumption to a minimum.
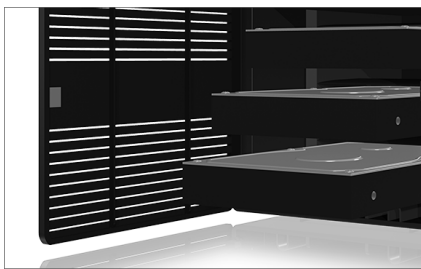

Technical data

|			
Model	IB-3640SU3	**Transfer rate**	Up to 5 Gbit/s
Article no.	20640	**RAID Level**	SINGLE
EAN code	4250078186328	**LEDs**	Power, fan, Interfaces, HDD access and activity
Brand	ICY BOX	**HDD capacity**	Unlimited
Colour	Black	**Hot Swap**	Yes
Material	Aluminum / plastic	**Fan**	1x 80x80x20 mm smart fan, temperatur controlled
HDD interface	4x 3,5" SATA	**Power supply**	External power supply, Input: AC 100~240 V,
External data interface	USB 3.0, eSATA		Output: 12 V / 5 A /60 W

ICY BOX **IB-3640SU3**
4x SINGLE enclosure with eSATA and USB 3.0 for 3,5" SATA HDDs

No more "Double Trouble"

In case two HDDs are not enough: In this wonderful JBOD (=Just a bunch of disks) enclosure, four 3.5" HDDs can be mounted. Without using any screws, the HDD can be mounted and replaced. Even while in operation.

The smart fan

The fan has a quick reaction when the temperature changes inside the enclosure. This way, your important data is constantly protected against heat. In case you would like to set it manually, you can still set it on one of the three available fan persets.

For the environment

If the host cable (USB 3.0 or eSATA) is not connected, or when the device is not being used it turns itself into Standby mode automatically. In addition, each HDD has an LED indicator in order to provide information regarding HDD activity (read/write), fan settings and connection.

Logistical data

Packing unit:	6 pcs./carton	**Dimension/carton:**	610x510x300 mm
Total weight:	18.2 kg/carton	**Dimension** (with packing)**:**	160x295x280 mm
Gross weight: (with packing)**:**	2.784 kg	**Dimension of article:**	226x128x170 mm
Net weight:	2.022 kg	**Country of origin:**	Taiwan
