Yeelight Arwen
Ceiling Lights 450C/550C

The Arwen C series comes in two sizes and shines like the sun: The high color rendering index (CRI = 95) reveals all colours accurately, as they would appear in sunlight, and the generous luminous surface ensures a very high level of brightness without glare. The Arwen C is dimmable, supports Tunable White and illuminates rooms up to 25 m² (450C) or 35 m² (550C). The indirect RGB lighting on the back sets great accents and the sliding lock on the ceiling mount guarantees a quick and easy installation. The ceiling lamp can be controlled via app*, BLE remote control, BLE light switch and voice.

*Compatible with Android 4.4 (or higher) & iOS 9.0 (or higher)
