# TYPE-C ALUMINUM USB HUB
& MICRO/SD CARD READER

1 Connect the Hub to a Type-C port of your device.

2 Use USB-A ports to connect any USB 3.0 or 2.0/1.1 device to your computer.
The Hub can be used for data transfer only, not as a standalone device charger.

3 Connect Micro SD or SD card to appropriate slots.
SD and Micro SD card slots cannot be used simultaneously.
